Michael,

I spoke with Scott Sinclair (Tom Arceneaux's partner) on May 14 after the last hearing on the current 3132 litigation and reminded him about the requirements for a public body to discuss litigation in an executive session (pending litigation or potential after receipt of written notice) and he indicated they would forward a letter. I also spoke with Tom Arceneaux before last Friday's Admin. session. He also stated they would provide a letter.

Will phone you tomorrow with more info. on the 5/14 discussion with Tom and Scott.

Terri,

I asked DOTD to provide a written update of the 3132 Project before the June 10 Appeal. They previously indicated they would provide such a document.

If the Chairman will agree to an Executive Session on June 9 I believe it would be helpful for Council Members to receive the DOTD document as well as the status of all current lawsuits related to LA 3132 before the appeal hearing.

Art indicated there would be reason to call an Executive Session if Mr. Larkin expressed a desire to take legal action against the City if the MPC decision was upheld. Would that desire need to be written or is a verbal statement enough?

Give me a call tomorrow or we can chat before/after Council meeting.

Thanks!

Michael
